WINVISION AIR 9mm

Indoor / Outdoor LED display

Winvision Air is a lightweight carbon fiber frame structure modular 9mm indoor/outdoor LED screen. It provides full HD processing and superior color uniformity. It is easy and simple to install, curve capability and removable blackout panels allow for design flexibility in creative applications.

Pitch (mm)	9.375
LED Type	3 in 1 SMD
Number of Pixels	64 x 128 (8,192)/Tile
Pixel Density (Pixel/m ²)	11,377
Tile Dimensions (LxHxD)	600mm x 1200mm x 68mm
Brightness	5,000 nit
AC Power In	100-240V
Power Consumption (w/unit)	300 Watt/Tile Max
Weight	6.8 Kg/Tile 9.8 Kg/m ²
Colors	281 Trillion
Refresh Rate	240Hz
Viewing Angle Vertical	140°
Viewing Angle Horizontal	140°
Transparency	40% (blackout plates available)
Life Time (Hr)	50,000
